

Why Study at Australian Education

Academy Pty Ltd

Australian Education Academy Pty Ltd is a private Registered Training Organisation (RTO) which has its campuses in Springvale and CBD of Melbourne, Victoria, Australia. We are committed to providing our students with quality training delivery and assessment services in an atmosphere that is both warm and inviting.

Our teachers and staff are all dedicated to help you achieve your training goals by giving friendly and courteous assistance whenever required, and our training programs are innovative, creative and flexible, and designed to suit the needs of students, employers and industry

Course Description:

This qualification covers the skills and knowledge required to diagnose, analyse, evaluate, design and modify automotive electrical and mechanical systems. It is suitable for those working in the automotive service and repair industry at the forefront of the implementation of new technologies.

To gain the AUR50216 - Diploma of Automotive Technology, a successful assessment outcome for 12 units must be achieved

Course Duration:

This course will be delivered over a period of 52 weeks including 12 weeks of holidays
Theory & Practical Face to Face Delivery – 800 hours = 20 hours per week x 40 weeks

Volume of Learning:

For the student to complete all their learning they will have to also spend time outside the formal scheduled activities. **“Graduates at this level (AQF 5) will apply knowledge and skills to demonstrate autonomy, judgement and defined knowledge responsibility in known or changing contexts and within broad but established parameters (AQF 2nd Edition, p38).** To reach that level, their volume of learning is typically more than double the timetabled hours. In the extra hours a student is expected to allocate time to self-study by way of research, review of existing cases, and multiple sources of information or real live example and subsequently prepare formal summative assessment material and any other activities to cover the breath of the course. Some of the time may be “on the job” whilst others will be by self-directed learning.

Recognition of Prior Learning and Credit Transfer:

Recognition of Prior Learning (RPL) and Credit Transfer (CR) is the student's opportunity to have their prior skills and/ or competencies recognised. These skills and competencies may relate to units you will undertake as part of this course, and as a result, can exempt you from studying – Please talk to our Administration Staff to obtain full details

Mode of Delivery:

Course requirement

A successful completion of 12 Units (1 Core units and 11 electives) is required to achieve this qualification.

CODE		DESCRIPTION
CORE		
1	AURFA007	Develop and document specifications and procedures
ELECTIVES		
2	AURFA006	Conduct research and present technical reports
3	AURTNA001	Estimate and quote automotive vehicle or machinery
4	AURAMA005	Manage complex customer issues in an automotive workplace
5	AURETR034	Develop and apply electrical systems modification
6	AURTTA022	Develop and apply mechanical systems modification
7	AURETA002	Analyse and evaluate electrical and electronic faulty body management systems
8	AURETA004	Analyse and evaluate electrical and electronic faults in convenience and entertainment
9	AURLTE003	Analyse and evaluate faults in light vehicle engine and fuel systems
10	AURAEA004	Manage environmental sustainability best practise in an automotive workplace
11	MSMENV472	Implement and monitor environmentally sustainable work practices
12	MSMENV672	Develop workplace policy and procedures for environmental sustainability

Entry Requirements

Those undertaking the AUR50216 – Diploma of Automotive Technology are required to have completed AUR40212/AUR40216 - Certificate IV in Automotive Mechanical Diagnosis or AUR40812 - Certificate IV in Automotive Mechanical Overhauling or be able to demonstrate equivalent competency. Additionally AEA has the following minimum requirements that must be met:

Domestic Students

- Entry into this course requires successful completion of an Australian Year 10 qualification or equivalent. However, selection is not based purely on academic performance. Relevant work experience, work samples and other documentation submitted will also be considered.
- In addition to meeting the academic requirements applicants must demonstrate their competence in literacy and numeracy levels when enrolling into the course.
- Mature age students (25+) will also be considered without the minimum education requirements but with relevant work experience within chosen area of study and a demonstrated capacity to meet course requirements. A minimum of 5 years' experience would normally be expected but each case will be reviewed individually with relevant work

Face to face; Classroom and practical automotive classes in the Automotive garage. Assessment methods will be gathered by way of written tests, practical assessment and observations.

Cost of Course:

Total course tuition fees are AUD 8,300*

- Students are able to pay the Course fee in full if they wish to, prior to the commencement of the course. However, it may be noted that, it is not the requirement of Australian Education Academy to pay more than 50 per cent up front.
- Students can work out a more flexible payment plan to pay their tuition fees with Australian Education Academy either on monthly or on a quarterly basis, through a written agreement with Australian Education Academy

*Fees are subject to change without notice

Commencement Date:

Please contact our office to obtain our course commencement dates.

Refund Policy and Deferments:

Please refer to our Student Handbook available on the website for full details

Support:

Australian Education Academy Pty Ltd undertakes a duty of care towards its study body and offers counselling by qualified professionals as required. We have Student Support Officers to assist students in adjusting to their new lifestyle and general problems they may have.

Delivery Locations

Springvale campus

10 Blissington Street, Springvale Vic 3171 Telephone +61 3 9547 4650 | Fax: +61 3 95474060

experience evidenced by work reference letter on company letterhead, work samples and curriculum vitae submitted will be considered.

International Students

Entry in to this course requires IELTS band score of 5.5 or equivalent in line with DIBP regulations

- Satisfactory completion of studies in applicant's home country equivalent to an Australian Year 12 qualification is required for entry into this course.
- Mature age students (25+) will also be considered without the minimum education requirements but with relevant work experience within chosen area of study and a demonstrated capacity to meet course requirements. A minimum of 5 years' experience would normally be expected but each case will be reviewed individually with relevant work experience evidenced by work reference letter on company letterhead, work samples and curriculum vitae submitted will be considered.

Special Admission Requirements

- All students must of the age of 18 years or over at the time of entry into Australia or at the scheduled course commencement, whichever is earlier.
- Learners must meet English language requirements of the qualification or in the absence undertake an LLN test.

Numeracy and Literacy

Where appropriate, (for example an applicant who is a recent arrival in Australia and has completed their schooling in a language other than English) literacy and numeracy will be screened prior to a student being enrolled into the course. Where it is determined that an applicant may not have sufficient English language skills to complete the qualification, they will be provided with two referrals to improve their skills before starting this qualification:

The Victorian AMES for formal assessment, placement and if necessary, specific English Language training: <http://www.ames.net.au/contact>
The Victorian Adult Literacy and Basic Education Council (VALBEC) for assistance. VALBEC is the peak body for the adult literacy and numeracy practitioners in Victoria and have a detailed list of neighbourhood houses, neighbourhood learning centres, TAFE colleges and other providers who offer literacy and numeracy programs and support throughout Victoria http://www.valbec.org.au/05/contacts/contacts.htm#Yarra_Junction

Employment Opportunities

The Diploma of Automotive Technology prepares new employees or recognises and develops existing workers who are performing advanced diagnosis and design tasks in the automotive industry. Job roles related to this qualification include:

- Advanced diagnostic technician
- Automotive system designer

Exit points

At any point prior to completion of the program a learner may exit with a Statement of Attainment for one or more Units of Competency that have been assessed as competent.

At successful completion of the program candidates will receive the AUR50216 - Diploma of Automotive Technology.
