Why Study at Australian Education Academy Pty Ltd

Australian Education Academy (AEA) Pty Ltd is a private Registered Training Organization (RTO) which has its campuses in Springvale, Fitzroy, and Melbourne CBD, Victoria, Australia. AEA is committed to providing our students with quality training delivery and assessment services to meet the requirements of vocational industry.

Our trainers and staff are dedicated to help you achieve your training goals by giving friendly and courteous assistance whenever required, our training programs are innovative, creative and flexible, and designed to suit the needs of students, employers and industry.

Course Duration and Volume of Learning

The course will be delivered over a period of 62 weeks, with a requirement to attend our facility for training for a minimum of 20 hours per week x 50 weeks, with 12 weeks of term break. The course is delivered over 1000 hours of classroom, practical activity, and directed study.

For a student to complete all his/her learning, he/she is required to spend time outside the formal scheduled activities. This is by way of research, review of existing cases, and use of multiple sources of information or real-life examples. Subsequently prepare formal summative assessment materials and any other activities to cover the breath of the course. Some of the time may be “on the job” whilst others will be by directed study.

Recognition of Prior Learning and Credit Transfer

Recognition of Prior Learning (RPL) and Credit Transfer (CT) is the student’s opportunity to have their prior skills and/ or competencies recognised. These skills and competencies may relate to units you will undertake as part of this course, and as a result, can exempt you from studying – please talk to our Administration Staff to obtain full details.

Course Description and Requirement

This course covers the skills and knowledge required to perform a broad range of tasks on a variety of light vehicles in the automotive service and repair industry.

To gain the AUR30616 – Certificate III in Light Vehicle Mechanical Technology qualification, a successful assessment outcome for following 36 units (20 core, and 16 electives) must be achieved.

UNIT CODE	DESCRIPTION
CORE	
AURASA002	Follow safe working practices in an automotive workplace
AURAEA002	Follow environmental and sustainability best practice in an automotive workplace
AURTTK002	Use and maintain tools and equipment in an automotive workplace
AURLTB003	Diagnose and repair light vehicle hydraulic braking systems
AURTTB001	Inspect and service braking systems
AURTTA004	Carry out servicing operations
AURTTE004	Inspect and service engines
AURTTF001	Inspect and service petrol fuel systems
AURTTC003	Diagnose and repair cooling systems
AURETR012	Test and repair basic electrical circuits
AURETR025	Test charge and replace batteries and jump start vehicles
AURETR029	Diagnose and repair charging systems
AURETR030	Diagnose and repair starting systems
AURETR031	Diagnose and repair ignition systems
AURETR023	Diagnose and repair spark ignition engine management systems
AURLTZ001	Diagnose and repair light vehicle emission control systems
AURLTD004	Diagnose and repair light vehicle steering systems
AURLTD005	Diagnose and repair light vehicle suspension systems
AURLTE002	Diagnose and repair light vehicle engines
AURTTA018	Carry out diagnostic procedures
ELECTIVES	
AURTTK001	Use and maintain measuring instrument in an automotive workplace
AURTTJ011	Balance wheels and tyres.
AURTTJ012	Remove, inspect, repair and refit wheel hubs and associated brake components
AURLTJ002	Remove, inspect, repair and refit light vehicle tyres and tubes
AURAF003	Communicate effectively in an automotive workplace
AURETR032	Diagnose and repair automotive electrical systems
AURTTC001	Inspect and service cooling systems
AURLTX013	Diagnose and repair light vehicle clutch systems
AURLTX001	Diagnose and repair light vehicle manual transmissions
AURLTQ012	Diagnose and repair light vehicle drive shafts
AURLTQ001	Diagnose and repair light vehicle final drive assemblies
AURVTA004	Inspect damaged vehicle systems and recommend repairs
AURTTA017	Carry out vehicle safety inspections
AURTTB015	Assemble and fit braking system components
AURTTF006	Diagnose and repair petrol carburetor systems
AURAF008	Interpret and apply automotive repair instructions

Springvale campus (Head Office):

10 Blissington Street, Springvale VIC 3171

AUR30616 – Certificate III in Light Vehicle Mechanical Technology

CRICOS Course Code: 091610J

Course Fees

Total fee for this course is AU\$ 14,300 (AU\$ 13,500 for tuition and AU\$ 800 for material fees) Fees are subject to change without notice. Material fees include learning resources, uniforms and tools (if applicable), and products used to produce for the qualification requirements.

- Students can pay the Course fee in full if they wish to, prior to the commencement of the course. However, it may be noted that, it is not the requirement of Australian Education Academy to pay more than 50 percent up front.
- Students can work out a more flexible payment plan to pay their tuition fees with Australian Education Academy either on monthly or on a quarterly basis, through a written agreement with Australian Education Academy.

Entry Requirement

The training package has no minimum requirement. AEA has the following minimum requirements that must be met:

(a) Age requirement:

All students must be 18 years or over at the time of entry into Australia or at the scheduled course commencement, whichever is earlier.

(b) Academic requirement:

Satisfactory completion of the equivalent of Australian Year 10 or higher.

(c) English language requirement:

A minimum IELTS (General) test score of 5.5 or equivalent for direct entry into a VET course. For more details on English language requirement visit <https://aust-education.com.au/course-requirements/>

(d) Unique Student Identifier (USI) requirement:

The USI is a mandatory data element of the Australian Vocational Education and Training Management Information Statistical Standard (AVETMISS). AVETMISS is the national data standard that ensures consistent and accurate capture and reporting of VET information about students. Students can create USI on their own or consent to AEA to create USI on their behalf.

(e) Genuine Temporary Entrant (GTE) requirement:

Applicants for Student visa must demonstrate they are coming to Australia temporarily with a genuine intention to study or to look after a person who is studying. For more details on GTE requirement visit <https://aust-education.com.au/course-requirements/>

(f) Language, Literacy and Numeracy (LLN) Test:

Applicants intending to undertake the VET courses at AEA are required to complete a mandatory LLN Test (Learning, Reading, Numeracy, Oral Communication and Writing). AEA may authorise its Education Agent to ensure the offshore students to complete the LLN test (Learning, Reading and Numeracy) under supervision while Oral Communication and Writing Section will be conducted at AEA upon arrival. Agents will use the Identification checklist provided by AEA to ensure authenticity and validity of the applicants. Onshore students will undertake LLN test at AEA or authorised Agents premises in Australia. The agents will email the completed LLN test to AEA.

(g) English Placement Test:

AEA will conduct a placement test to assess the level of English for those students who are onshore and do not have valid English test results such as IELTS/TOEFL/PTE or unable to provide the evidence that they are studying in Australia in past 2 years. The placement test will also be applied to those students who are issued with the CoEs after attending ELICOS from other colleges.

Please refer to our Student Enrolment Policy and Procedure at <https://aust-education.com.au/forms/> for more details.

Mode of Delivery

This course will be delivered face to face. Assessment methods may include written tests, role plays, work based training, projects, case studies and observations.

Commencement Date

AEA has different intake dates. Please contact our office to obtain information about our course commencement dates suitable for you.

Refund and Deferments

AEA has documented policy and procedures for Fees payment, deferment, and cancellation. Please find the policy at <https://aust-education.com.au/forms/>

Employment Opportunities

The Certificate III in Light Vehicle Mechanical Technology prepares new students, employees or recognises and develops existing workers performing mechanical work in the automotive light vehicle service and repair industry.

Job roles related to this qualification include:

- Light Vehicle Mechanical Technician
- Light Vehicle Mechanic

Support

We have Student Support Officers to assist students in adjusting to their new lifestyle and general problems they may have. Please contact our friendly staff members at the campus.

Delivery Location

Springvale campus:
10 Blissington Street, Springvale, VIC 3171
Telephone: +61 3 9547 4650 | Fax: +61 3 95474060
Email: info@aust-education.com.au

Facilities

- Adequate number of fully equipped classrooms.
- Student amenities include a kitchen with microwave and refrigerator, common room, pool table as well as male and female restroom amenities.
- Computer Labs
- 1 x Fully Equipped Automotive Garage at this location.
- Mechanic Uniform (included in fees)

Special Requirements

All candidates should be physically able to work in an automotive workshop facility, if necessary, with reasonable adjustment.

Withdrawal from a Course

At any point prior to completion of the course a student may exit with a Statement of Attainment for one or more Units of Competency that have been assessed as competent. At successful completion of the course student will receive an AUR30616 – Certificate III in Light Vehicle Mechanical Technology qualification.

For further information, or to obtain a Student Handbook and/or Application for Enrolment, please contact our offices above or visit our website: www.aust-education.com.au
